Sir:

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT UNDER  
37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicants bring to the attention of the Examiner the documents listed on the attached PTO 1449 form. To the best of the undersigned's knowledge, this Supplemental Information Disclosure Statement ("IDS") is being filed before the mailing date of a first Office Action on the merits for the above-referenced application.

This IDS brings to the attention of the Examiner an Interference Proceeding involving the parent application to this application (Application No. 08/641,811) and U.S. Patent No. 5,640,977 to Leahy et al. The Interference Proceeding was assigned Interference No. 104,195.

In an effort to avoid inundating the Examiner with non-relevant documents of the Interference Proceeding, Applicants provide with this IDS a copy of the index of the Interference Proceeding, along with copies of selected documents of the Interference Proceeding. While the Applicants believe that the information provided regarding the Interference Proceeding is sufficient for the Examiner's full consideration of the Interference Proceeding, Applicants will gladly provide the Examiner with a copy of any other paper of the Interference Proceeding upon request.

The selected documents include:

- (1) Applicants-created index of interference No. 104,195, between Leahy et al. (Senior Party) (U.S. Patent No. 5,640,977) and Bonadio et al. (Junior Party) (Application No. 08/641,811) (3 pages) and original copy from Interference File (Form PTO-257(A)) (2 pages);
- (2) Paper number 23 from interference No. 104,195 (Decisions on Motion; New Preliminary Motion Period; etc.) (26 pages);
- (3) Paper number 38 from interference No. 104,195 (Show Cause Order) (2 pages); and
- (4) Paper number 39 from interference No. 104,195 (Judgment Favorable Senior Party) (3 pages).

Copies of the patents and publications involved in the Interference Proceeding were previously provided in an IDS filed on December 5, 2003.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached PTO 1449 form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed

documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the U.S. Patent and Trademark Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
